1. Introduction	2
2. Eligibility.....	2
3. Trading Terms.....	2
4. Other.....	4

1. Introduction

- 1.1 CryptoAltum may offer all new and existing clients a promotional offer in the form of a trading credit (bonus credit).
- 1.2 Accepting and trading with the bonus credit constitutes as your acceptance of these Terms and Conditions.

2. Eligibility

2.1 A Bonus credit may be available to any client who meets the following criteria:

- i) Has been offered the deposit bonus by CryptoAltum, either by phone or email.
- ii) Has completed the sign-up process and has an active MT5 trading account with CryptoAltum

2.2 The bonus credit is not transferable between accounts.

2.3 The bonus credit is available only once per household.

2.4 Internal transfers between MT5 trading accounts are not considered deposits that are eligible for a bonus credit.

3. Trading Terms

3.1 The bonus credit will appear in the Credit Facility of the MT5 Platform and shall form part of the account equity and can be used only as margin to open and maintain positions.

3.2 All realised losses and any other costs and expenses will first be deducted from actual funds deposited by the client into the trading account prior to the bonus credit being reduced.

3.3 It is understood that the bonus credit is not available for cash withdrawal in whole or in part.

3.4 Clients may only withdraw profits generated from the bonus credit once the profit is greater than \$200

3.5 A minimum of ten (10) trades must be completed before the account is eligible for a withdrawal. These trades must be within a 50% volume range of the largest trade. For example, if the largest trade is 1 lot, all other trades must be 0.5 lots or higher.

3.6 The company may request an identification document and other supporting information from the client prior to approving a withdrawal.

3.7 Any remaining bonus credit will be automatically removed from the trading account once any amount of funds is transferred out from said trading account.

3.8 In the case of a no deposit bonus credit, the maximum pay-out will be 100% of the credit value. For example, if the no deposit bonus credit is 100 USD, the maximum pay-out will be 100 USD.

3.9 In the case of a no deposit bonus, the trading account may be disabled after a period of 30 days if there is no login or new trading activity, regardless of whether the account has open positions or not. In such a case trading credit will be removed and the available balance of the account will be zero.

3.10 The bonus credit will expire if not used within 30 (thirty) days.

3.11 'Intermediaries/Related Parties' are not eligible to receive the bonus credit. If the trading information and/or registration information corresponds to another profile, this matching will result in immediate disqualification. Intermediaries/Related Parties include family members and any other persons residing within the same household.

3.12 CryptoAltum reserves the right, at its reasonable discretion:

- i) To decline registration of any client
- ii) To disqualify any client who tampers or attempts to temper with the operation of the bonus credit scheme.

Under no circumstances shall CryptoAltum be liable for any consequences of any bonus credit cancellation or decline, including, but not limited to order(s) closure by Stop Out.

3.13 CryptoAltum reserves the right to alter, amend or terminate the bonus credit scheme at any time.

3.14 Any indication or suspicion, in the Company's reasonable discretion, or any form of arbitrage (including but not limited to risk free profiting), abuse (including but not limited to, a participant's trading activity pattern that indicates that the participant solely aims to benefit financially from the bonus credit without being genuinely interested in trading in the markets and/or taking market risk), fraud, manipulation, cash-back arbitrage connected to the bonus credit or any other forms of deceitful or fraudulent activity, will nullify all previously credited bonus credits of the client's trading accounts and/or any and all transactions carried and/or profits or losses in that account.

In such circumstances, CryptoAltum reserves the right, at its reasonable discretion to:

- i) Permanently close all trading accounts
- ii) Cancel all orders
- iii) Annul all profits

CryptoAltum shall not be liable for any consequences of the bonus credit cancellation, including closure by Stop Out.

3.15 In order to verify the identity of a client, CryptoAltum may request, at its reasonable discretion:

- i) A copy of the client's identification document, including a selfie photo
- ii) A proof of residence document
- iii) A live video call between the client and a representative of CryptoAltum

4. Other

4.1 CryptoAltum is not responsible or liable if there is a delay in crediting the bonus credit to the client's trading account.

4.2 CryptoAltum will not honour a bonus credit or profits generated from a bonus credit to clients deemed not to be acting in good faith.

4.3 Fraudulent, multiple or incorrectly completed applications will not be eligible for a bonus credit.

4.4 A Bbonus credit is not available to any clients registered to an Introducing Broker (IB) or Affiliate.

4.5 The Company reserves the right to refuse offering any type of bonus at its sole discretion without the need to provide justification.

4.6 Clients may opt out the bonus credit scheme (and therefore out of all restrictions above) by emailing support@cryptoaltum.com). In such cases any credit will be removed from the clients trading account.
